Sir:

In reply to the Office Action mailed June 28, 1999, please
amend the above-identified application as follows:

In the Claims

1. (Twice Amended) A charging system for electronic commerce, which comprises a service provider terminal for providing service to a user via a network in response to a request from a user terminal, the system charging a user a fee corresponding to said service, comprising:

a charge collection terminal for collecting a fee from said user, which fee is reflected by said service provided by said service provider terminal,
